## **Microsoft: Graduate / Internship Programme 2018**

**Location: Johannesburg**

Are you insatiably curious? Do you collaborate well with others, knowing that better solutions come from working together? Are you motivated every day to empower others to achieve more through technology and innovation?

**If yes – Our Graduate Program Microsoft Academy For College Hires (MACH) is designed for you.**

**What's in it for me?**

**Foundation.** Microsoft is a workplace unlike any other. MACH helps new hires hit the ground running, navigate a complex global organization and position themselves for success.

**Purpose.** Our interactive program is designed to complement a

MACH's day-to-day role. It exposes them to senior leaders and high-level business strategy to ensure they are plugged into the bigger vision.

**Network.** MACH provides the opportunity to connect and learn from more hundreds of peers and alumni in more than 80 countries – to create professional relationships and cross-cultural experiences that are invaluable to career success.

**And much more including global networking & mentoring opportunities and full competitive Microsoft benefits package!**

**This is where ideas get transformed into technology.**

By focusing on the technical side of things, you'll get a first-hand look at our revolutionary business solutions, and a say in how we make good products even better. If all goes well, we may even develop one of your ideas – an idea that could change the course of technology. Taking on a customer facing technical role, you'll get to grips with the world's most advanced technologies, see new products come to market and introduce cutting-edge technology solutions to our customers. We have some of the world's biggest companies as clients. If you like the idea of developing technical solutions to help them overcome their business problems, this is the role for you.

**What are our baseline requirements:**

- Pursuing or within one year of graduation from a full-time bachelor's or Master's degree
- Have no more than 2 years combined work experience including internships
- Technical Education background , IT or electrical engineering or related fields with outstanding sales skills
- First practical experiences or internships in IT technology related fields
- Combining business **acumen** with technological experience

(esp. in:

- Well developed communication, presentation as well as analytical and problem-solving skills
- Negotiation, customer service, and interpersonal skills
- Passion for technology
- Fluency in English and local language is required
- Full work authorization is required

**Vodacom is looking for people aged 18 to 25 for this new job opening**

Internship Programme – 000000190577

Vodacom is a Leading African Mobile communication company providing wider range of communication services including mobile voice, messaging, data and converged services to over

60 million customers. From our roots in South Africa, we have grown our mobile network business to include operations in Tanzania, DRC, Mozambique and Lesotho. The mobile networks cover a total population of approximately 200 million people. Through Vodacom Business Africa (VBA) we also offer business managed services to enterprises in over 40 countries across the continent. Vodafone is the majority shareholder of Vodacom and has a 65% share.

We're at our best when we lead and over the past 20 years, as the Company that pioneered mobile in South Africa, Vodacom has achieved a remarkable list of firsts. We're immensely proud to be a leader in our field and are 100% committed to continue trailblazing.

We employ individuals who are as passionate about customers as we are. We are truly Customer Obsessed which means that we are passionate about exceeding customer expectations; work relentlessly to really understand the customer; look at decisions through the customer's eyes and take personal accountability for the customer experience.

The objective of the Vodacom Internship Programme is to:

- Develop a talent pipeline of skilled individuals for the core business areas within Vodacom; and to

- Create an opportunity for unemployed graduates with the required qualifications to develop competencies in the telecommunications environment.

**The ideal candidate for this role will have:**

- Matric
- 3 year qualification – Degree or Diploma with specialization in:
  - o Engineering (Electrical Engineering Light Current),
  - o Technical diploma (S4, T3, N6)
