How long you have been working for that company or department  
?

Or how long you have been looking for a job or a learnership or  
studying ?

Do they pay you anything close to R100 000 in eleven days ? ,  
NO , now we are talking about R1700 000

Everyone always say that Trading is risky , Yah yah yah ,,,  
bla bla bla , even your job is risky , what if you get fired  
today or tomorrow or anything happen ? , for sure now your  
saying , “yes but is less risky” ,, Ha ha ha , great , that  
is why they will keep on paying you those few cents. **Big risk  
Big reward** , small risk ... OK that is that , lets get back to  
business.

At the moment \$1 close to R15 , so i will use dollars to  
explain this business opportunity

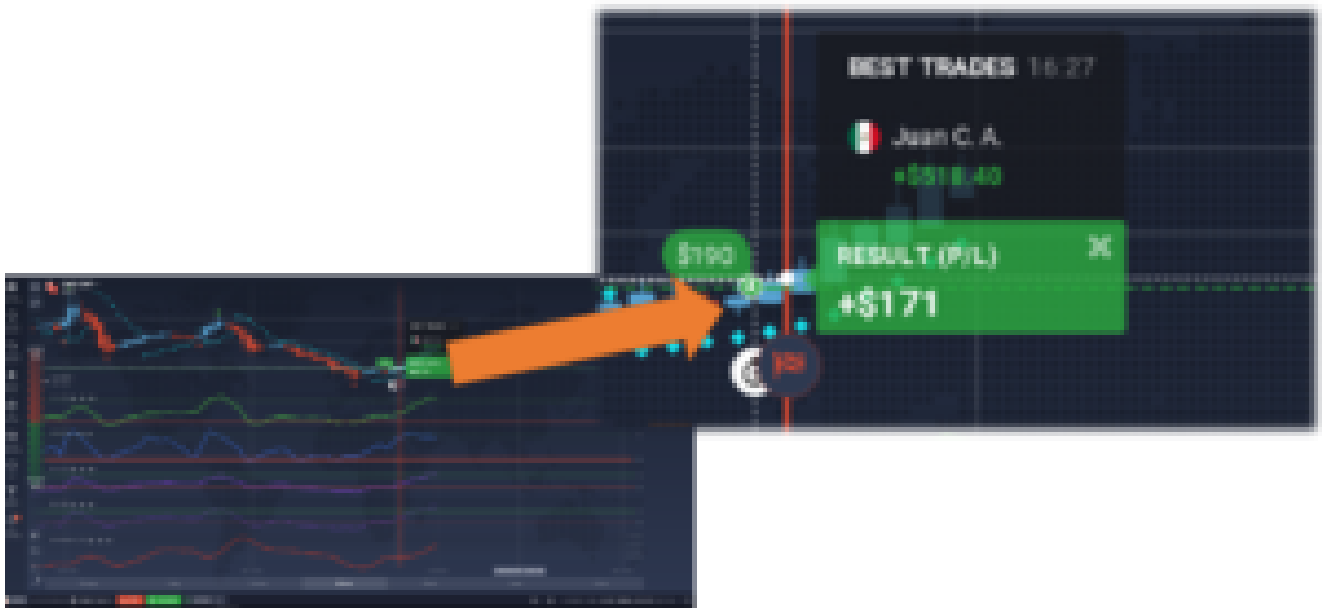

If you Invest **\$100** today and get **90%** everyday for eleven days , at the end of eleven days , you will have **\$116 215** in your account , use currency conversion to see how much is that .

the following is the calculations

- day 1. \$190**
- 2 . \$361**
- 3. \$685**
- 4 . \$1301**
- 5 . \$2471**
- 6 . \$4694**
- 7 . \$8918**
- 8 . \$16944**
- 9 . \$32193**
- 10. \$61166**
- 11. \$116215**

Today american **\$116215** is equal to South African **R1 795 219,59**

So all is up to you now , all you have to do is to find a good binary option broker and start making good money.
