

[Nedbank is hiring new people](#)

Location: Nationwide

If you demonstrate drive and creativity, have strong academic qualifications, and espouse values such as integrity and respect, Nedbank Corporate and Investment Banking (NCIB) has a position for you in South Africa's preeminent corporate and investment banking team.

The NCIB team boasts significant expertise in energy, resources, infrastructure and the industrial sectors. We have an enviable track record, and it is in part because we bring fresh thinking to the market. In fact, we have been involved in some of the biggest deals in our sector. Our values are non-negotiable – they are just as important as our expertise. It's why we live and work with integrity, respect, accountability, an attitude of pushing beyond boundaries, and a focus on being people-centered. You should share this philosophy and make a significant start to your career.

By joining our investment banking programme, you will get:

- exposure to both theoretical and practical training;
- the chance to accelerate your career by working with industry leaders;
- access to an alumni network of your peers, based on a joint performance experience;
- and the opportunity to learn how to effect changes in big business.

We see our graduates as part of the leadership pipeline at the bank. Let us groom you for great things.
